

Pricing Schedule for 2010

Level I Mail-In Inspection \$290:

- \$290** **Fire items can no longer be done as a Level I.** They must be a Level II or III inspection. Approximately 14-day turnaround time on Level I inspections. **Level I inspections are performed by a trained technician.**
- \$75** For express processing, if requested. (3-day turnaround time plus e-mailed reports and pictures).
- \$25** Shipping fee charged for small items (1 cubic foot or less) that are returned. Actual shipping cost for all returned items over 1 cubic foot.
- \$200** Per hour charge for additional engineering hours that are approved by client in advance.
- \$75** Per hour charge for additional log hour performed by a technician and approved by client in advance.

Level II Mail-In Inspection \$450:

- \$450** **Level II inspections are performed on fire and electrical items by a trained technician under the supervision of a licensed professional engineer. The Report is reviewed, signed and sealed by a licensed professional engineer. This report includes one hour of engineering time in the base fee.** An approximate 14-day turnaround time on Level II inspections.
- \$75** For express processing, if requested. (3-day turnaround time plus e-mailed reports and pictures).
- \$25** Shipping fee charged for small items (1 cubic foot or less) that are returned. Actual shipping cost for all returned items over 1 cubic foot.
- \$200** Per hour charge for additional engineering hours that are approved by client in advance.
- \$75** Per hour charge for additional log hour performed by a technician and approved by client in advance.

Level III Mail-In Inspection \$550:

- Level III** Inspections are performed on items received through the Mail-In Program, Large Item Shipping Program, or the Large Item Pick-Up Program. **These inspections are performed by a trained technician with a licensed professional engineer present. Any testing is designed and approved by an engineer. The report conclusion is written by a licensed professional engineer and the report is sealed and signed.** Turnaround time is part of the quote issued by DPI's Customer Service Department. For quotes call DPI's Customer Service at 1(800)865-6220.
- \$550** Base price for a Level III report **includes two hours of engineering time.** Additional testing and engineering time are charged at \$200 per hour. All other log hour fees, shipping fees, express processing fees are the same as Level I & II Inspections.

Secure Storage Fees

Storage fees are charged a year in advance, are included with the report invoice and due with that invoice. Stored items are re-billed automatically after one year. Notices go out prior to the one-year renewal date to determine whether the item is to be disposed or returned. If the item is to be returned, a shipping fee is charged. There is no charge for disposal. Special arrangements can be made if the client wants to pay on a quarterly basis rather than by the year, however, there is a surcharge for this service to handle the additional administrative costs. Charges will not be prorated for items returned or disposed prior to the year-end contract date.

All storage fees are based upon cubic feet.

<u>Cubic Ft.</u>	<u>Yearly Price</u>
0 to 1	\$50
2 to 7	\$100
8 to 12	\$190
13 to 24	\$280
25 and over	Price quoted as needed
