

INSTRUCTIONS FOR SHIPPING SUMP PUMPS TO DPI

Thank you for choosing to send your evidence to DPI for inspection.

DPI has provided custom-designed boxes for your Sump Pumps to be shipped in, along with plastic bags to wrap around the pumps/well pumps/sewage pumps, and pre-addressed UPS mailing labels. Please follow the instructions below on how to prepare and ship evidence to DPI using UPS shipping labels.

- The pump should be double bagged in plastic bags.
 - Care should be taken not to rip the bags.
 - Bags should be sealed at the top with tape.
 - Sump Pump should be in the upright position.
(DO NOT LAY SUMP PUMP ON SIDE).
- Apply the directional arrow stickers and the pre-addressed label to the box.
- Send to DPI for inspection.*
