Rising Prices

DPI is feeling the effects like everyone of the rising prices in our economy. We feel the need to increase our prices in order to continue to provide you with the same quality service. Please visit our [website](#) to see our increases and download a [claim form](#) which reflects our new price increases that went into effect on March 1st. We look forward to continuing to serve you and your insureds.

Securing Your Evidence

We know that chain of custody and the secure storage of your evidence is of the utmost importance to you.

Your evidence is safe here at DPI. We were selected to store over 500 CPAP machines for attorneys across the country as they pursue a major class action lawsuit.

They trust us and you should too!
