INSTRUCTIONS FOR SHIPPING SUMP PUMPS TO DPI

Thank you for choosing to send your evidence to DPI for inspection.

Please follow the instructions below on how to prepare and ship your evidence to DPI.

- The pump should be double bagged in plastic bags.
 - Care should be taken not to rip the bags.
 - Bags should be sealed at the top with tape.
 - Sump Pump should be in the upright position.
 - DO NOT LAY SUMP PUMP ON ITS SIDE

- Apply directional arrow stickers or mark the box to indicate the upright position, and attach the pre-addressed label.

- Send to DPI for inspection. Additional shipping charges may apply due to the size and weight of the package.
